2 Select Space Dashboard.

3 The first time you enter Space Dashboard you will be asked to apply a template. Space view replicates the layout of the old Space module.

4 Select the template you wish to apply.

SPACE DASHBOARD

< Template Selection

 You can fine-tune your Space Dashboard configuration after selecting a template make it more personal. Or, come back and restart with a new template at any time.

- Building Coordinator View**
Data relevant to Building Co-ords
- Move Managers View**
Data Relevant to MAC
- Space View**
Replicates old space
- Standard View**
This is the original dashboard layout, created to offer a good all-round setup. It would serve as a great starting point for further personalized customization
